WORKING FOR ALL TERRITORIANS

Terry Mills, the new Leader of the Opposition, will present a comprehensive set of positive policies in the lead up to the next Territory election.

“Territorians want more respect for the law, they deserve better schools and they need a realistic opportunity of buying a home,” says Mr Mills.

“I will put policies before the people that will deal with the breakdown in law and order, improve educational outcomes and revive the dream of home ownership.

“Territory Labor is content to govern by slogan and press release; Territorians deserve more.

“I’m determined to give the people of the Territory a strong alternative in the lead up to the next election.

“I want to give Territorians every reason to stay and raise a family here.

“I also want to encourage other Australians to join us in building a bright future in the NT because at the end of the day people are our greatest resource.

“In the coming months I will unveil detailed policies designed to create a prosperous Territory that gives everybody a fair go.

“The next chapter of the Territory story is waiting to be written.

“I call upon my fellow Territorians to join me in the adventure of writing the next chapter.”
