BLAME GAME OVER RUBBISH

“Just who is responsible for removing rubbish from the sacred site at Frank McEllister Park?” says Loraine Braham, Independent Member for Braitling.

Mrs Braham said the presence of a sacred site in the area is being used as an excuse by the Town Council and Aboriginal Areas Protection Authority to not pick up rubbish.

“The Council refuses to enter the area and claim AAPA is responsible.”

“But AAPA says there is nothing to stop the Council carrying out their statutory duties.”

“What amazes me is that both parties have been content to allow this eyesore to continue.”

“Surely the Council should have some pride in making sure its property is kept clean?” And surely AAPA would be concerned that a sacred site is being littered?”

“I have been lobbying both groups for over a week to get this rubbish removed.”

“This is a health hazard and it should be cleaned up.”

“Both parties should be working together to solve this stand off.”
