POLES IN THE ROAD

Gerry Wood, the Independent Member for Nelson, says he will be writing to Power and water corporation asking that they remove some power poles on Brandt Road, Knuckey Lagoon.

One of the poles was the site of a recent fatal car accident on Brandt Road when a car hit the steel cable attached to one of these poles and overturned.

Gerry says that the poles seem to have no purpose as they are not connected to any of the local houses and the wires have been cut off at the last pole.

He says if they are not needed they should be removed which would besides removing the eyesore of unnecessary power lines would also remove another potential car accident.
