APPALLING ATTACK ON DISABLED WOMAN

Adam Giles MLA

11 Apr 2011

Member for Braitling, Adam Giles, has condemned the callous stabbing and robbery of a young wheelchair bound woman in Alice Springs.

Mr Giles said he was appalled by the attack and that the police should specifically target the people who attacked this young woman.

“This is a clear reminder of the lawlessness that affects Alice Springs,” Mr Giles said.

“It should also serve as a warning to those in Darwin and Palmerston that with urban drift and insufficient housing, anti social behaviour and violent crime such as this unprovoked attack will become common-place unless action is taken.”
