MEDIA RELEASE

VOTE FOR CHANGE

Saturday August 18th, 2012

The Country Liberals will enter the final week of the election campaign with a strong 5-point plan for growth, 56 polices outlining a future direction and a commitment to change the Territory for the better.

Country Liberals Leader, Terry Mills, said the differences between the Country Liberals and their opponents are clear.

“A vote for the Henderson Government could mean 15 years of Labor in the Territory,” Mr Mills said.

“A vote for the Country Liberals will mean a fresh approach that puts Government back in the hands of Territorians and ends the era of Labor’s lies and incompetence.”
