LOCAL CALLS

HOW TO CALL

Look in the Directory for the number. If it is not shown, obtain it from your local Exchange. No charge is made.

If a ringing handle is provided on the telephone, give it several brisk turns, and then remove the receiver.

If a press-button is provided on the telephone, press it firmly for one second, and then remove the receiver.

If the telephone is not provided with a ringing handle or press-button, merely remove the receiver.

When the Telephoneist answers, state the name of the Exchange and number required.

To recall the Telephoneist on an existing connection:

From a telephone with a ringing handle, replace the receiver and give the ringing handle two or three brisk turns. Then remove the receiver and wait for the Telephoneist to answer.

From a telephone provided with a press-button, replace the receiver and depress the button firmly for one second.

From a telephone without a ringing handle or press-button, merely move the receiver rest slowly up and down.

To terminate a call, replace the receiver on the receiver rest, and if a ringing handle is provided, turn it briskly two or three times. If a press-button is provided, depress it firmly for one second.

ENGAGED NUMBERS

If the called number is engaged the Telephoneist will advise you.

HOW TO AVOID OVERCHARGES

If you are connected to a wrong number or are cut off during conversation, advise the Telephoneist immediately.

If the called party does not answer, inform the Telephoneist before abandoning the call.

TRUNK LINE CALLS

HOW TO ORDER A CALL

Give the Exchange and number required, e.g., "Alice Springs 36." When the operator asks for it give the telephone number from which you are calling.

If you desire a particular person or extension telephone to be connected at the called number, advise the Telephoneist when ordering the call.

PERIOD OF CALL

Three minutes' conversation is allowed for a single fee and the Telephoneist will offer an extension of time at the end of each three minutes. The period is calculated from the time the Telephoneist says, "Go ahead, please."

OVERSEAS TELEPHONE SERVICE

Subject to special circumstances telephone service is available between most parts of Australia and many overseas countries, as well as some trans-Atlantic liners, certain H.M.A. Ships, and the "Monowai" on the trans-Tasman run, whilst at sea. Ask your local Exchange for any details required.

INFORMATION

To obtain information respecting trunk line calls not included in this Directory, ask your local Exchange. These calls are free.

PARTICULAR PERSON CALLS

For a call to a particular person or extension telephone at the called number, a fee is charged in addition to the usual tariff for the trunk line call. The additional fee is applied irrespective of whether or not the particular person or extension telephone required is available, provided that a reply has been received from the called number.

NON-OFFICIAL SERVICES

Calls to Non-Subscribers.—Trunk line calls may be booked to non-subscribers. Details of the conditions may be obtained from your local Exchange.

Calls After Hours.—Where an Exchange is not open continuously, calls may be made after the normal hours for telephone business if the Officer-in-Charge is available to give service. An additional fee of 1/6 is charged for each half-hour during which an official Exchange is opened. For a non-official Exchange, a charge not exceeding...
GENERAL TELEPHONE INFORMATION

TELEPHONE SERVICE ENQUIRIES
To make inquiries regarding the telephone service or to report service difficulties, ask for the Officer-in-Charge. Calls of this nature are free. Do not make complaints to the Telephonist.

CORRESPONDENCE
Address correspondence concerning telephone matters to the local Postmaster.

TELEPHONE ACCOUNTS
Payment of Accounts.—Accounts are rendered half-yearly, and must be paid within fourteen days. An interim account may be forwarded at any time and shall be paid upon demand. Failure to pay an account within the time stipulated will result in the service being disconnected.

Statement of Calls.—Statements showing the number of local calls recorded against a subscriber for any period other than the ordinary accounting period or containing details of trunk line calls will be furnished on payment of a small fee. In the case of local calls the request must be made in advance.

INSURANCE OF TELEPHONE APPARATUS
Subscribers are responsible for the value of any telephone instrument or apparatus, including the portion of the telephone line on their premises, rented from the Department, which may be destroyed or damaged by fire or other cause. It is advisable, therefore, to cover the value of such instrument, apparatus, and line by insurance.

JOINT-USER SERVICES
Persons occupying the same building may jointly subscribe to a telephone service under the one exchange number for an additional fee of £1 per annum, which also covers the extra entry in the Directory.

ALTERATIONS TO SERVICE
Removals.—For removals to another address and for indoor removals of, or alterations to, telephone services, early notice in writing should be given to the local Postmaster. Details of the charges may be obtained upon application to the Postmaster.

Discontinuance.—At least one month's previous notice in writing should be furnished if practicable.
A subscriber who changes his address, and fails to notify the Department within one week after leaving his former premises, is liable to a penalty of £10.

The sale of a telephone service is prohibited. Penalty £10.

Transfers.—A fee of 5/- is charged. The Department reserves the right to withhold permission in any case.

A person who enters into or remains in occupation of premises having a telephone service after the subscriber has removed, shall not be entitled to make use of the service, or allow any other person to do so, without the approval of the Department. Otherwise he is liable for all amounts owing in respect of the service.

TIME OF DAY
Subscribers may obtain the correct time by calling the Exchange. A unit call fee is charged on each occasion.

NOTAMS—HARBOUR

DIRECTORY INFORMATION

ENTRIES
As a general rule each subscriber is entitled to one free entry for the complete telephone installation at the same address. Such free entry is normally restricted to such details as name, occupation (where necessary), address, and telephone number as are, in the opinion of the Department, sufficient to enable the subscriber to be identified and called. Advertising matter is not permitted in entries.

Extra entries (including entries on behalf of a subscriber's relatives who reside with him), additional words in free entries and block type in entries will be charged and are subject to certain restrictions. Further details may be obtained from the local Postmaster.

ADDITIONAL COPIES
Extra copies of the Directory may be purchased.

ERRORS OR OMISSIONS
Any omission or error in the Directory should be immediately notified in writing to the Superintendent, Telephone Branch, G.P.O., Adelaide. While every care is taken in compiling the Directory, the Department is not responsible for the particulars contained in any entry included therein, and accepts no liability for any omission or error which may occur. No claim for compensation in this respect will be entertained.

COVERS
Telephone Directories, whether supplied free of cost by or purchased from the Department, must not, without the written consent of the Department, be enclosed in covers in or upon which advertisements are displayed.

PRIVATE LISTS
A subscriber who keeps a private list of telephone numbers should check it as soon as he receives the new Directory. No list of subscribers may be
POSTAL INFORMATION

OTHER FACILITIES
For information regarding all other postal facilities, such as registered post, overseas post, express delivery service, money orders, postal notes, etc., inquire at any post office. Copies of the Post Office Guide containing full information on all facilities are available at 2½d per copy.

TELEGRAPH INFORMATION

HOW TO SEND A TELEGRAM OR LETTERGRAM FROM YOUR TELEPHONE
Ask the Exchange for Telegrams. When requested, give your telephone number and name to the operator and then dictate your message. Listen carefully to each word as the operator repeats the telegram to you in order to ensure that the details have been recorded accurately. Unusual or difficult words should be spelt and suitable code words used to ensure correctness, e.g., A for Albert, B for Bob, and so on.

Overseas telegrams and radio-telegrams may also be telephoned in the same manner.

The usual telegraph and telephone charges, plus a small phonogram fee per message, are debited to the subscriber’s account.

A telegram addressed to a telephone number will be telephoned to the addressee from the office of destination, without any additional charge being made, thus ensuring more expeditious delivery.

RATES WITHIN THE COMMONWEALTH

1.5-mile radius of the office of origin, 2½d; beyond a 1½-mile radius, 2½d additional word in each case 2d.

Urgent Rate Telegrams.—Double the ordinary rate.

TELEGRAMS TO AND FROM COUNTRY SUBSCRIBERS AFTER USUAL HOURS.

A telegram may be telephoned over a trunk line to a subscriber from the nearest telegraph office which is open, when the trunk line charges involved are paid by the sender.

When the local telegraph office is closed, a country subscriber may be connected by trunk line to the nearest telegraph office which is open, for the purpose of sending a telegram.

No trunk line charge is imposed for this service if the message is telephoned between the hours of 9 a.m. and 12 noon on the day on which the weekly half-holiday is observed at the telegraph office or between the hours of 9 a.m. and 5 p.m. on any other day except Sunday; but if the message is telephoned at any other time or on a Sunday, the

(Continued next column)

Licences
A broadcast listener’s licence authorises the use
of all broadcast receivers in the possession of
the holder of the licence or any member of his family
and ordinarily held at the address shown in the
licence. A separate licence is required for each
other address at which a receiver is normally kept
by a licensee or a member of his family.
The annual fee for an ordinary licence is £2 for
listeners resident within a radius of 250 miles of
a national broadcasting station and £1.8/ in others
localities.
Licences are issued for a period of twelve
months. It is desirable that renewal notices should
be presented when paying fees, as details shown
therein are required for insertion in the new licence.
Licences are not transferable from one person
to another.
Changes of address must be notified to the

INTERFERENCE TO BROADCAST RECEPTION
The reception of radio programmes is sometimes
affected by noises in receivers. There is no remedy
for those noises caused by atmospherics, but inter-
ference due to the operation of electrical
appliances, etc., can usually be eliminated.
The Department has a specially trained staff to
assist, without charge, listeners who are troubled
in this manner. Anyone desiring assistance should
complete a Radio Interference form (available at
Post Offices) and send it to the Superintendent,
Wireless Branch, G.P.O., Adelaide.

HELPFUL TELEPHONE HINTS

• Memory is often unreliable in the case of telephone numbers. Avoid calling numbers if you experience difficulties by ascertaining the correct particulars from the telephone directory just before making a call.

• If the called party does not answer, do not abandon the call without advising the telephone, otherwise you may think that a conversation has taken place and charge for the call.

• Always replace the receiver on the receiver rest at the conclusion of the conversation — otherwise your telephone cannot be called.
