Partnerships in Care and Education for Our Children

Our Agreement Form
‘Partnerships in Care and Education for our Children’ Agreement

The __________________________ Service and __________________________ Primary School agree an Outside School Hours Care (OSHC) service will operate at this school.

It is understood that both the __________________________ Service and __________________________ Primary School have a commitment to implement the ‘Partnerships in Care and Education for Our Children Policy.’

The policy states:

The Department of Health and Community Services (DHCS) and the Department of Employment, Education and Training (DEET) have agreed that when outside school hours care services are offered in NT Government school facilities, service sponsors, school councils and providers of services should ensure that:

■ children and families receive the best quality service possible.

This involves:

- providing services for children that are responsive to the various and changing needs of children and families
- facilitating collaboration between families and people working with children
- supporting the inclusion of all children

■ children experience smooth transitions throughout the day. Partners should therefore work together to

- plan and coordinate service delivery
- maximise the use of resources.
This Agreement covers all the programs provided by the ____________________________ Service (please indicate)

before school

after school,

professional development days

vacation care
