STATEMENT FROM MINISTER FOR HOUSING

11 April 2014

A recent flyer distributed by the Citizens Electoral Council ahead of the Blain By-election is factually misleading and quite frankly a disgusting act.

The flyer titled, ‘Eviction Notice’, has been handed out to public housing tenants in Palmerston.

It is riddled with lies and is designed to deliberately scare some of the most vulnerable people of our community.

This action by the Citizens Electoral Council's candidate, Peter Flynn, is utterly despicable.

The Government has no plans to sell off public housing complexes in Palmerston, the Government is not kicking out any tenants to sell housing and the Government has not done any deals with the Labor candidate.

These are blatant lies by a desperate candidate who has no concern for the well-being of our public housing tenants in Palmerston.

I urge anyone who comes across this flyer to throw it in the bin, where it belongs.
