| Michael Douglas      | • Director, National Environmental Research Program (NERP) Northern Australia Hub  
• Director, Tropical Rivers and Coastal Knowledge Research Hub (TRaCK) Charles Darwin University                                                                                                                                                                                                                      |
| Tom Harris           | • Chief Executive Officer for the Extractive Industry Association of the NT (EIA).  
• Executive member of NT Farmers Association.  
• Mr Harris has extensive experience in the Northern Territory Horticultural Industry both as a producer and consultant                                                                                                                                                                                                 |
| Ms Maria Kraatz      | • NT Manager of Eco Logical Australia environmental consultants.  
• Ms Kraatz has extensive experience in environmental research in the Territory.                                                                                                                                                                                                                                                                   |
| Mr Colin Beard       | • Member of the Northern Territory Water Resources Review Panel  
• Extensive experience in hydrology and water resources issues both within the Northern Territory and nationally.                                                                                                                                                                                                                               |
| Ms Kate Peake        | • Executive Officer, Regional Development Australia Northern Territory.  
• Extensive experience in community water advisory committees.                                                                                                                                                                                                                                                                                        |
| Ms Mona Liddy        | • Chairperson of the Tjulwaliyn Wagiman Aboriginal Corporation and past member of the Daly River Management Advisory Committee.  
• Ms Liddy brings a strong indigenous perspective to water management issues.                                                                                                                                                                                                                                                                      |
| Mr Kit Jolley        | • Territory Manager for NT and Kimberley Region for Dow Agro Sciences.  
• Comprehensive experience in natural resource management in northern Australia and would make a significant contribution to the committee.                                                                                                                                                                                                                     |
