NEW LABOR SHADOW GOVERNMENT

Leader of the Opposition, Michael Gunner, today announced details of the new Labor Shadow Cabinet which includes a new shadow portfolio: Open and Transparent Government.

Michael Gunner said that the new shadow portfolio is key to returning trust to elected officials.

“Territorians want and deserve a Government they can trust and an open, accountable and transparent Government is essential for this trust to exist,” said Michael Gunner.

“Open Government and the trust that it builds creates the bedrock for the partnerships and collaboration we need across our community if we are to improve the lives of all Territorians.

“Without confidence in the integrity of public officials and Government processes, it is impossible for the Territory to meet the considerable challenges that we face and to grasp the amazing opportunities that we share.

“Not only is open government the right thing to do, it's the smartest way to run Government.

“I lead a re-energised team with a passion to do great things in the Territory and hold a bad CLP Government to account,” said Michael Gunner.
