Canadian Consensus Government report released

Gerry Wood, the Independent Member for Nelson, says he has completed his report on consensus government in the Canadian Territories of Nunavut and Northwest Territories.

Gerry says that consensus government is the Westminster System as we know it in the NT but without any political parties ie all members are independents.

He says that with the present state of public disillusionment with political parties in the NT it is perhaps time to look at alternative ways of running Parliament and consensus government could be a real alternative.

Gerry says if anyone would like a copy of the report they can contact him on 89996713 or email gerry.wood@nt.gov.au and he will mail it out
