A PROSPEROUS ECONOMY

The key to creating opportunity is building connections for all, which is why the NT Government is investing a record $1.4 billion in infrastructure, including $357 million in road upgrades like the new road in the Northern Territory.

We're helping to cut red tape, making it easier for businesses to get things done.

We're leading the way in developing Northern Australia, so all Territorians can enjoy a great lifestyle, and we're working to reduce the cost of living with initiatives such as our work to drive down the cost of fuel.

These are just some of the ways we're working with Territorians for a prosperous future.
