Dave’s Dying Days

Gerry Wood, Independent Member for Nelson, wonders why anyone would bother to turn up at the Development Consent Authority meeting at Howard Springs tomorrow.

Why? Because the Minister has already stated he supports the application to subdivide a 2ha block of land before the DCA has even heard the application.

The Minister has sent a letter to the Member for Nelson this afternoon which says

In the case of 145 Stow Road, I am of the view that the land can be subdivided into one hectare blocks without detriment to neighbours or the wider community.

This issue is not about whether land can be subdivided or not. It is about due process, conflict of interest and proper governance.

I weep!
