LABOR WILL GUARANTEE BUDGET

Territory Labor Leader Michael Gunner today said that Labor has undertaken to vote with the Government and pass the 2016/17 budget.

“Labor will guarantee supply to enable the important work of our public sector including doctors, nurses, teachers and firies and police to continue.”

“This undertaking also means that the CLP do not need to cling on to the tainted vote of Nathan Barrett in Parliament and the CLP must move to immediately strip him of his membership.”

“This is the worst Government in the Territory’s history and I urge Territorians to put the CLP last in the August election.”
