Minister for Sport and Recreation John Ah Kit reminded the public that the 2003 World Cup, the Frank Worrell Trophy plus the ICC mace and plate for being the world’s number one Test and one-day team will be on public display on Thursday 17 July.

Cricket fans will be able to view the trophies at Parliament House between 8.00 am and 5.00 pm.

"Not only will Territorians be treated to the full strength Australian side in Darwin for a Test and one-day international but the trophies that signify their success are coming to Darwin as well," he said.

"I encourage all Territorians to come to Parliament House to view these special trophies and make the arrival of international cricket to Darwin a special one to remember."
