A very special pair of Top End pensioners looked over their humble possessions this week and decided to give generously to Queenslanders devastated by the recent Cyclone Larry.

“In true Territory tradition, Barry and June Naysmith from Bynoe, have decided to donate their caravan to an elderly couple from Babinda,” local Daly MLA Rob Knight said.

“Although the Naysmiths had no money to give, they have donated a $12,000 caravan to Percy and Faye Lowe.

“The Lowes, like many in the region, bore the full force of the cyclone and were left homeless.

“Percy has been commuting back and forth from Cairns salvaging sentimental possessions from their former home.

“Having lost almost everything, it will take 6-12 months to rebuild their house, while their billeted accommodation in Cairns runs out on Tuesday.

“NQX Freight Services in Berrimah have also come to the rescue by helping to transport the Lowes’ temporary home.

“When I called NQX they jumped at the chance to help, agreeing to deliver the caravan all the way to Cairns at no charge.

“Here are two significant examples of the Territory’s proud reputation of looking out for others in need.

“I congratulate everyone who has helped in whatever way they could. Every little bit will make a difference to the thousands of cyclone victims,” Mr Knight said.

Donations can be made to the Queensland Premier's Disaster Relief Appeal fund at any Commonwealth Bank branch or paid directly into the account.

BSB number 064-013 Account number 1000-6800.

To talk to the Appeal Hotline or make a credit card donation, phone 1800 150 411.
