New CLP Shadow Ministry Announced

Opposition Leader Jodeen Carney has today announced the make-up of her new Shadow Ministry.

Ms. Carney said that despite the large workload of all Shadow Ministers, the Opposition was dedicated to holding the Labor government to account in every portfolio. She said that if Labor had ideas of taking it easy, they were in for a big shock:

“We have deliberately organised our Shadow responsibilities to tackle the Labor government head on. They have weaknesses and we will be exploiting them at every opportunity.

“We will be taking up the challenge and working very hard to ensure the process of government is conducted in an open, honest and accountable manner.”
