New Team Member
As a long term Darwin resident, Jarry Kovarik has gained experience in many project roles in a number of NT Government departments. Working with Primary Production, Jarry was involved in conservation and land management issues, travelling throughout the NT on field trips. Involved in various roles in the Department of Transport & Works as a Project Clerk, he was part of a team responsible for the design and construction development of numerous major capital works.

New Observer on the NTACC Committee
Robert Dalton
Robert is a born and bred Territorian who grew up in Kalkaringi and Katherine before moving to Darwin to study at the Charles Darwin University. Robert worked in a variety of positions before beginning with the NT Department of the Chief Minister in 2004, moving on in 2006, to the Department of Business, Economic and Regional Development, where he is currently employed in the Indigenous Economic Development Unit.

He graduated in 2005 with a Bachelor of Arts, including an Anthropology Major and a Political Science Minor. Robert is also a member of the 2006 Youth Ministers Round Table of Young Territorians, which is the peak advisory body to the Northern Territory Government on issues affecting Territorians aged between 15 and 25 years of age. Robert’s exposure to the NTACC will enhance his experience in his employment with the Indigenous Economic Development Unit to identify regional development opportunities.

The Australian Government will host the international Growing Regions Conference from 25 to 27 July 2006. The Conference will draw together leading contemporary regional policy experiences and research from across the globe.

Robert Dalton has received a DOTARS funded youth sponsorship covering attendance at the conference, as well as associated costs. The sponsorship was only available to up to 15 applicants across Australia and we congratulate Robert on this achievement.

Advice to Federal Government
NTACC works in partnership with government, business and the community to promote economic, social and environmental development in the Northern Territory. We welcome suggestions that will enable the provision of constructive and regular advice to the Australian Government in order to maximise support for the development of the NT.

Acc Helps Secure $1,073,334 (gst inc) in Grants Funding for Territory Projects
Australian Government grants funding totalling $1,073,334 have been awarded to applicants of 8 projects between April and June 2006. The Northern Territory Area Consultative Committee is seeking further expressions of interest from community groups, councils and others to consider applying for regional development funds in 2006/2007.

Nhulunbuy Interpretive Project
$23,694 has been approved to install interpretive signs and upgrade the lookout tower at Nhulunbuy. The importance of cultural values of Nhulunbuy and associated areas will be highlighted and the project will create a focus for community engagement, reconciliation, cultural education, and tourism information.

Marthakal Homelands Resource Centre Workshop and Training Facility
The Marthakal Homelands Resource Centre has received $925,299 from Regional Partnerships to assist with the construction of a replacement workshop which was destroyed by fire. The purpose of the mechanical training workshop will be to provide a training environment for apprentices in mechanical trades and to provide mechanical services to the people at Galwinku on Elcho Island. This project is also linked to a Shared Responsibility Agreement with the NT Office of Indigenous Policy Co-ordination.

Chung Wah Society
The current facilities on the grounds of the Chung Wah Society in Woods Street Darwin, include the Chinese Temple, Temple caretaker day residence, community hall, the NT Chinese Museum, office, tennis court and change room amenities.

The society’s vision is to provide a community based Chinese Cultural Centre which fosters and promotes the cultural, religious, historical and social needs of the Chinese community of the Northern Territory.

The Regional Partnerships funding approval to the value of $368,500 will be used to expand the existing Cultural Centre community hall and Chinese Museum.

Upcoming NTACC Meeting
■ 17-18 August 2006 in Darwin

More ACC Grants Success Stories

Daly River
The $122,711 funding from Regional Partnerships for the Daly River (Nauiyu Nambiyu) Mechanical Services and Training Workshop will provide for internal work to convert an existing building into an operational mechanical service and trade training centre. The workshop will ensure the Nauiyu community and the Daly River region will have a modern, efficient mechanical facility in the area and will fill vital community needs.

Tennant Creek Sustainable General Practice
Easy Entry – Gracious Exit
Tennant Creek has long been without a GP and has had difficulty recruiting a GP to the region. Experience in other states has shown that the concept of “Easy entry, Gracious Exit” has worked successfully to expand and improve stability within the general practice workforce. This approach in Tennant Creek will concentrate on the continuity of the practice and it is envisaged that by removing many of the previous barriers to recruitment, it will be much easier to attract doctors to the town.

The existing practice will be re-furbished and re-equipped, a demountable to accommodate medical students and visiting registrars will be purchased and a vehicle leased for use by the doctor. All of these initiatives are aimed towards increasing the tenure of a GP in the area. The amount approved under the Rural Medical Infrastructure Fund for this project is $193,229.

Palmerston City Library
On the 23rd of April 2006, the Mayor of Palmerston, Annette Bourke, officially opened the new Palmerston City Library.

In 2004, $579,700 in Regional Partnerships Funding was granted to the Palmerston City Council for the development of the city precinct which provided for the construction of the new library which formed part of this development.

For more information on Regional Partnerships Funding
Organisations, community government councils, or private enterprises interested in developing projects which will create jobs and/or provide an economic or social benefit to the community should go to www.ntacc.com.au or contact the NTACC on 08 8941 7550.
Regional Partnerships Seminar – Alice Springs

On the 21st of June, the NTACC team conducted a seminar in Alice Springs to promote the Regional Partnerships Program and to assist potential applicants in the preparation of funding applications. The seminar was well attended with in excess of 40 participants who took the opportunity to meet the Chair, members and staff of the NTACC. Due to its success, further seminars will be conducted in other regions in the NT throughout the year.
