Fireworks Spectacular
Monday 1 July
Alice Springs – Anzac Oval
Display at 7pm. All welcome, BYO chairs, picnics and blankets.

Yulara Community Oval
Display at 7:15pm. Food and licensed bar available. Operated by Yulara/Ayers Rock Lions Club.

Thanks to all the community groups and councils who make these events possible.

Territory Day 2013
TERRITORY Day is marked right across the NT on July 1 and it’s a great opportunity to celebrate our strong sense of community and pride.

It is about acknowledging the past, present, future and diversity across our many regions.

This year marks 35 years since self-government began in the NT on July 1, 1978.

A good way to enjoy fireworks on Territory Day is to attend one of the NT Government funded public displays.

There will be a public display at Anzac Oval on Monday, with the main display at 7pm.

Everyone is welcome. Bring a chair or blanket. To find a list of other displays across the Territory visit www.dcm.nt.gov.au

Celebrate Territory Day safely
If you are using your own fireworks, here are some tips to reduce potential harm.

I Don’t buy more fireworks than you can safely use on Territory Day. It is illegal to possess fireworks outside of Territory Day.

I Clear a 10 metre diameter area to light your fireworks in and use a sand bucket to stabilise fireworks, especially multi-shot fireworks.

I Have a hose or bucket of water ready for emergencies.

I Don’t wear synthetic clothes or accessories that are flammable. Fireworks can easily set these on fire.

I Do not light fireworks on or near dry grass, also not under trees or shrubs. Even after 31 years, Peter and Colleen Woole are eagerly preparing for the momentous event that celebrates the NT’s parliamentary independence from South Australia.

Owner of Avanti Plus Yvonne Plus, a pet owner herself, wants to strongly remind people to have their pets away in a safe location prior to the fireworks display at 7pm.

Bicycles and accessories from Scott, Avanti, Raleigh, ABI Premium and Masi. The staff there can help you find the right bike or accessories that are suited exactly to your needs.

Popular in America and Europe, this will be the first time the Dominator products will be available in Alice Springs.

The maximum powder Dominator fireworks include a large variety of items so if you are the type of bloke that revels in the opportunity to make the biggest bang, then the Dominator fireworks are for you.

Woolies fireworks will also sell their usual Earthquake Thunderbombs – the biggest crackers in town – as well as prepacked bags with a huge variety of fireworks to choose from.

The Woole family encourage safe and responsible use of fireworks and guarantee there will be plenty of staff and stock at each of their three locations to ensure no one misses out.

They are at the old Toyworld Store on Gregory Terrace, Smith St on the corner of Brown St and Lovegrove Drive, Alice Springs.

Keep pets in mind
TO celebrate Territory Day in true Central Australian style, you will need fireworks.

Avanti Plus Alice Springs, formerly known as The Penny Farthing Bike Shop, has been supplying fireworks to Alice Springs residents for 22 years.

Celebrating Territory Day is all about remembering where the NT has come from as a Territory body and knowing that we have a bright future ahead.

While it is a day of celebration, Avanti Plus Alice Springs continues to promote responsible pet care on this day.
