Dear Collection Management,

AFL here to stay; New Police Station Palmerston; NAIDOC Week

Great news for our Territory lifestyle.

I’m literally giving motorsport fans 40 million reasons to be happy over the next four years. A re-elected Government will commit to all the spending requests of Motorsports NT. They’re a big part of the Territory lifestyle and tourism economy. The V8’s, Red Centre Nats, Desert Nationals and the Drags are part of our lifestyle, and we plan to keep it that way!
AFL is also here to stay in the Territory. I’m pleased the Melbourne Demons will play four more premiership matches in the NT over the next two years – both in Alice Springs and Darwin.

Also contributing to our lifestyle will be an additional police station in the Palmerston region. Population in the area has grown considerably, and we plan to give police the facilities and functionality they need. You told us you wanted tougher laws and more police. Now we’re delivering on that.

Recently, we’ve also reached a milestone in Indigenous employment in the public sector.

Have a great afternoon, and click on any of the links below to read a bit more about what’s been going on.
