CHIEF MINISTER MAKES GOOD SENSE

Gerry Wood, the Independent Member for Nelson, says he totally agrees with the Chief Minister Adam Giles’ statement in the NT News about neglected Aboriginal children.

He strongly supports the CM’s view that we should not be acting in fear of accusations of another Stolen Generation but what is best for the child and if that means that a child is being cared for and loved by parents who are not kin, then so be it.

Gerry says if we are going to seriously protect and help those children who are being neglected or abused then we should not be hamstrung by the thoughts of cliché writers. What is right and best for the children should be the priority.
